BANKING HOUSE
JOHN A. HAMBLETON & Co.
No. 5 SOUTH ST.

BALTIMORE.

TO INVESTORS :

We desire to call attention to a class of Securities, which though comparatively unknown to our market, has obtained great favor with Eastern capitalists—We allude to the County, Municipal and Real Estate Bonds of Western States.

The millions of dollars which have been safely and profitably invested in these securities should cause those who have been so *local* in their ideas, to examine more in regard to their merits, and thus have the opportunity to make investments which, while exceptionally safe, at the same time pay a liberal interest.

To those having command of large funds in connection with various institutions of a public nature, which naturally seek conservative *Investments*, we give the following extracts from the report of a special commission appointed in 1878, by the State of Connecticut, to examine the investments held by the numerous Life Insurance Companies of that State.

The Commissioners after saying—

“We entered upon the discharge of our duties under a deep sense of the responsibility devolved upon us * * * * The sacredness of the trust committed to the keeping of Life Insurance Companies is such that we felt it our duty to do all we could to protect the trusts by exposing whatever was wrong we might find * * * * We have endeavored to make our examination so thorough and complete that nothing wrong should escape detection and exposure,” make the following statement in regard to loans :

“It is quite possible that many persons who have not examined the facts in regard to the results of loaning money in the West, will be surprised at this exhibit. Such a record ought to have more influence upon the public mind than any argument we can make upon this question, which is being vigorously discussed in all parts of the country. We submit the facts without argument, and leave the public to draw their own conclusions.”

SUMMARY STATEMENT OF LOANS MADE BY HARTFORD LIFE INSURANCE
COMPANIES ON REAL ESTATE IN THE WEST :

Name of Company.	Commenced loaning in the West.	Total amount loaned to Jan. 1, 1877.	Amount outstanding Jan. 1, 1877.	Net losses on sales of property taken by foreclosure.	Net gains on sales of property taken by foreclosure.
Aetna	1867	\$13,333,353.00	\$9,173,562.00		\$3,757.00
Connecticut General....	1867	846,593.00	537,740.00		
Connecticut Mutual.....	1853	41,906,609.65	27,330,819.33		5,391.79
H. L. & A.....	1869	779,105.00	424,499.50		
Phoenix.	1851	9,207,764.00	6,453,838.00	\$6000	
Travelers	1866	2,696,595.23	2,216,477.50		
Totals,		\$68,770,019.88	46,136,936.33	\$6000	\$9,148.79

The following extract from the message of the Governor of Illinois is also worthy of your notice :

"The Auditor, in his report, furnishes you with a very valuable and instructive table of municipal debt of the State, in which he shows that it aggregates \$51 811.691. The larger part of this debt has been incurred in making useful and necessary local improvements, and is represented by valuable municipal property. About 30 per cent. of this total of municipal debt represents the railroad aid debt of the municipalities of the State. The constitution of the State now forbids all counties, cities or other municipalities from making subscriptions to capital stock or donations in aid of any railroad or private corporation, and further forbids the incurring of any indebtedness to an amount, including existing indebtedness, in the aggregate exceeding 5 per cent. on the value of the taxable property therein. These are wise and fortunate provisions, and under them the municipal debt of the State is now decreasing, and will for some years continue to decrease. The use of municipal credit for any extravagant or unnecessary purpose, to such extent as would be a serious injury to the municipality, is impossible under our present constitution "

The laws of the State of Indiana governing all such securities are equally conservative in guarding against excessive indebtedness.

Those parties who hold so largely of what might be termed our local securities, embracing the various bonds and stocks connected with our system of internal improvements and corporations, in and adjoining our State, which were

once considered the most desirable investments, but millions of which are now in default and selling at nominal figures, have doubtless realized that locality is not always a guarantee.

Having for some time past given special attention to this class of investments, by frequent visits to that section of country, and personal examination of the loans we effect, we have been enabled to give to our clients a line of securities that have proved exceptionally good and profitable.

These securities are in the shape of Coupon bonds, in denominations of \$1000, transferable by delivery same as Rail Road Bonds and Governments, and pay from 7 to 8%.

We are continually negotiating loans of this character, and will be glad to correspond with those desirous of further information, and feel assured that careful examination on the part of investors will dissipate the idea of so many of our people, that only local Securities are desirable investments.

Very respectfully,

JNO. A. HAMBLETON & CO.

N. B.—Since our Manual went to press the Baltimore & Ohio Rail Road has declared its third Scrip dividend of 4%, payable May 15th, and the Secretary of the Treasury has issued the following calls :

This leaves \$24,556,300 of the 10/40s uncalled to be provided for by sale of the \$100 certificates.

The refunding of bonds will now be practically suspended until the end of 1880, when \$18,415,000 6's of 1881, 1st series, mature, the balance \$264,321,350 not falling due until June 30th 1881. Holders of these bonds are certain to get 6% for two years, possibly longer.

The 5's of 1881 are due at the pleasure of the Government after May 1st 1881. It is hardly probable that they will be redeemed in that year as the 6's take precedence.

We are prepared to exchange called bonds for the 5's or 6's of 1881, or the new 4½'s and 4's as may be preferred. Holders are invited to confer with us on this subject.

J. A. H & CO.

BANKING HOUSE,
JOHN A. HAMBLETON & Co.
5 SOUTH STREET.

BALTIMORE, APRIL 1st, 1879.

We respectfully tender you our services as

BANKERS AND BROKERS

in this city.

Our House is organized with special reference to the interests of **CAPITALISTS** and **PRIVATE INDIVIDUALS** seeking investments, and Merchants and Traders requiring banking facilities.

A business experience in this City of thirty years, of which sixteen years have been devoted to our present business, together with ample means for conducting the same, enable us to offer to our customers every facility in their transactions, and no efforts will be spared to serve their interests.

DEPOSIT ACCOUNTS

received subject to Check at sight.

COLLECTIONS MADE

on all available points in the U. S. and Canadas.

CERTIFICATES OF DEPOSIT ISSUED

LOANS AND COMMERCIAL PAPER

Negotiated.

ADVANCES

made on Approved Collaterals.

Being members of the Baltimore Stock Board all orders for the purchase and sale of

STOCKS, BONDS,

and other Securites in this market will receive our strict personal attention, and out-of-town Orders executed through most reliable correspondents.

Inquiries either in person or by mail cheerfully answered. **INVESTMENT SECURITIES** a specialty.

Very Respectfully,

JOHN A. HAMBLETON & CO.

FUNDING LAWS

OF

Virginia, North Carolina and Tennessee.

We annex memoranda of Funding bills, and will be pleased to make exchanges under the same on favorable terms.

VIRGINIA.

The State of Virginia has not paid full interest since the war. By Act of March, 1866, all arrears of unpaid interest were fundable into Certificates for each interest to January 1st, 1867.

For the years 1867 and 1868, 4% per annum was paid.

By the Funding Act of March 30th, 1871, all Bonds and accrued interest to July 1st, 1871, could be funded into new 6% Bonds, coupons receivable for taxes and dues, for $\frac{2}{3}$ of the aggregate, "Deferred Certificates" being issued for the other third. Upon these new Bonds the State has paid 4% per annum for 1872, 1873 and 1874; and for the remaining 2%, non interest bearing Certificates ("Black Scrip") were issued.

In March, 1872, the Act of 1871 was amended so as to repeal the tax receivable coupon feature. Bonds issued previously to this amended law are known as "Consols"; those issued since, as "Peelers".

The following are the principal points of the new Funding law, passed March 26th, 1879:

Bonds to be dated January 1st, 1879, maturing in forty years, bearing 3% interest for 10 years, 4% for 20 years, and 5% for 10 years with coupons receivable for all taxes and demands due the State. In case of registered bonds, the holder may receive a certificate for interest, which shall be received for taxes, &c. same as coupons.

For purposes of designation, the outstanding debt of the State is divided as follows:

Class 1—Which shall be taken to include all tax-receivable coupon bonds, and all registered bonds and fractional certificates which are convertible, under the act approved March 30th, 1871, into such tax-receivable coupon bonds.

Class 2—Which shall be taken to include all bonds funded under act approved March 30th, 1871, as amended by the act approved March 7th. 1872, and also two-thirds of the face value, with two-thirds of the unpaid accrued interest up to the first of July, 1871, on all unfunded bonds including Sterling bonds.

Bonds of class 1 shall be presented for exchange with all unmatured coupons attached; bonds of class 2, shall be presented with all coupons attached maturing after January 1st, 1879, and these obligations shall be exchanged at the face value of said bonds, dollar for dollar, for new bonds provided that the proportion of class 2 refunded shall never exceed in amount one-third ($\frac{1}{3}$) of the total amount refunded, until eighteen million dollars (\$18,000,000) of class 1 have been retired.

All due and unpaid interest up to and including January 1st, 1879, may be funded under the provisions of this act, at the rate of 50 cents on the dollar, and taken in lieu of class 2. All obligations to be exempt from taxation.

If on or before May 1st, 1879, the Council of Foreign Bond-holders, and the Funding Association of the U. S. file with the Governor their acceptance of this act, then it is to be taken as a contract with them. They are to have the exclusive privilege of funding, provided they present before January 1st, 1880, eight millions dollars in Bonds; and from that date, at least five millions for each six months until the whole debt is funded.

In 1885 and annually after that, a tax of 2% is levied for a sinking fund.

Executors, Administrators and others acting as fiduciaries, may invest in these bonds, and the same shall be a lawful investment.

NORTH CAROLINA.

The Funding bill recently passed by the Legislature of this State provides for the issue of 4% Bonds due in 30 years, in denominations of \$50, \$100, \$500, and \$1000, to be exempt from taxation, coupons receivable for all State taxes. They are made a lawful investment for all fiduciaries in the State, and are to be exchanged for valid outstanding Bonds, as follows:

For Anti-war Bonds, 40% of principal.

For New R. R. " 25% of "

For Funding Bonds 1866 and 1868, 15% of principal.

All past due interest to be surrendered with the bonds.

The Bonds not recognized are the "Penetentiary," "Chatham R. R." and "Special Tax Bonds."

TENNESSEE.

By Act of March 15th, 1873, this State funded its Bonds due before January 1, 1874, and unpaid coupons due July, 1869 to January, 1874 both inclusive, into New Series Funding Bonds bearing 6% interest. Default was made on coupons due January 1876, and subsequently.

The Bill approved March, 31st, 1879, provides for the funding of all outstanding valid Bonds and coupons for 50% of their face value into Bonds, due in 30 years, bearing 4% interest. The bill is first to be approved by the Bond-holders and then ratified by vote of the people; and as it is not satisfactory to the holders, it is not at all likely to become operative.

Reorganized Securities.

NORTHERN PACIFIC R. R. COMPANY.

For 1st Mortgage Bonds.—Preferred Stock, \$140 for each \$100 Bond with all unpaid coupons attached, if presented before June 30th, 1879. This preferred stock is entitled to 8% dividends before anything is paid on common stock.

CHESAPEAKE & OHIO R. R. COMPANY.

For 1st Mortgage Bonds.—90% in 1st and 10% in 2d Mortgage Bonds of the new company, and for unpaid interest, 1st Preferred Stock. Interest on these new bonds payable 1st, 2d and 3d years in 1st Preferred Scrip; 4th year, 3% Scrip and 3% money; 5th year, 2% scrip and 4% money, and for balance of time all money.

For 2d Mortgage Bonds.—12½% in 1st Mortgage Bonds, 70⅝% in 2d Mortgage Bonds, 16⅔% in 2d Preferred Stock, and for unpaid interest, 2d Preferred Stock. Interest on these bonds payable in 2d Preferred Scrip for 6 years, 2% money and 4% scrip for 7 years, 4% money and 2% scrip for 8 years, and all money for 9 years.

ST. JOSEPH AND DENVER R. R. (Western Division.)

MODE OF QUOTING UNITED STATES BONDS IN FOREIGN MARKETS.

In calculating United States Bonds, London assumes our gold dollar at four shillings, including accrued interest.

Frankfort, at $4\frac{1}{4}$ marks, exclusive of accrued interest.

Berlin and other German cities same as Frankfort.

Paris at five francs, including accrued interest.

Amsterdam, $2\frac{1}{2}$ guilders, exclusive of accrued interest.

TRADE STATISTICS OF BALTIMORE,

FOR 1878.

We submit tabular statements of the trade of our city for 1878, compiled from reliable sources. The exhibit compared with former years is a most gratifying one.

Exports.

Principal articles exported from Baltimore to foreign countries for past three years.

Cheese.

Has been in good supply, both Eastern and Western, and the very low prices which have prevailed since June have stimulated the demand from the trade. There is very little export trade hence either in Butter or Cheese, the business being chiefly confined to local and other near by wants. We give annexed quotations for Cheese monthly.

Prices of Cheese on the 15th of each month for the past two years.
